

Dear Students:

UMass Amherst is pleased to provide you with this summary of the Undergraduate Student Health Insurance Benefit Plan (SHBP) and to provide information about the annual waiver process. Please note the SHBP is fully compliant with the Affordable Care Act.

**Who Is Eligible?**

UMass Amherst requires all Undergraduate domestic and international students taking five (5) or more credits to be covered by health insurance. All eligible domestic and international students are **automatically enrolled and billed** for the Student Health Benefit Plan (per semester).

Domestic and international undergraduate students studying in person, remotely or on-line and residing on campus anywhere in the U.S. who show proof of comparable insurance coverage from a U.S. based insurance company, can waive the UMass SHBP. Insurance plans based outside of U.S, travel insurance, out-of-state Medicaid, HMO's and EPO plans or plans that do not provide full medical care around the UMass campus, are not considered comparable coverage, and will not be accepted. Any question about your current insurance plan can be directed to UHS. When comparable coverage is confirmed, the insurance fee will be removed from their tuition bill.

Optional enrollment is available for those who are:

- Matriculated in a day academic program taking fewer than five (5) credits per semester.
- Graduate student matriculated in a day academic program who has paid the Continuous Enrollment fee for the semester.
- Matriculated into an undergraduate program through Continuing Education or University Without Walls, are legal residents of Massachusetts and are taking six or more credits per semester.
- Matriculated into a graduate program through Continuing Education, are legal residents of Massachusetts and are taking six or more credits per semester.
- Online students matriculated into a graduate program through Continuing Education, are legal residents of Massachusetts and are taking six or more credits per semester.
- Matriculated Continuing Education students participating in off-campus programs.
- Non-matriculated students are Not eligible for health plan enrollment.

Any student who meets one of these requirements and would like to enroll, please contact UHS Patient Services.

**How do I waive / enroll?**

If you are taking five (5) or more credits, and want the insurance, you don't have to do anything. You will automatically be enrolled.
