Pre-Certification is not a guarantee that Benefits will be paid.

The Insured Person's Physician will be notified of Our decision as follows:

1. For elective (non-emergency) admissions to a health care facility, We will notify the Physician and the health care facility by telephone and/or in writing of the number of Inpatient days, if any, approved;
2. For Confinement in a health care facility longer than the originally approved number of days, the treating Physician or the health care facility must contact Us before the last approved day. We will review the request

for continued stay to determine Medical Necessity and notify the Physician or the health care facility of Our decision in writing or by telephone;

3. For any other covered services requiring Pre-Certification, We will contact the Provider in writing or by telephone regarding Our decision.

Our agent will make this determination within seventy-two (72) hours for an urgent request and four (4) business days for non-urgent requests following receipt of all necessary information for review. Notice of an Adverse Determination made by Our agent will be in writing and will include:

1. The reasons for the Adverse Determination including the clinical rationale, if any.

We may file a lien against that third-party payment. Reasonable pro rata charges, such as legal fees and court costs, may be deducted from the refund made to Us. The Insured Person must complete and return the required forms to Us upon request.

## Coordination of Benefits

The Coordination of Benefits ("COB") provision applies when a person has health care coverage under more than one Plan.

The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary plan. The Primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary plan is the Secondary plan. The Secondary plan may reduce the benefits it pays so that payments from all Plans does not exceed 100% of the total Allowable expense.

## Right of Recovery

If the amount of payments made by Consolidated Health Plans is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid, or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.
