Welcome to the University of Houston Health Center. The UH Health Center is your on-campus resource for medical care, dental care, health supplies, medicine, wellness information and health education. We encourage you to seek early treatment of Sickness or Injury before it becomes serious enough to interrupt your studies. All references to the UH Health Center in this brochure are referring to your on-campus Health Center.

Sickness can be expensive in terms of time and money. The University strongly encourages all students to carry health insurance. One of the best ways to obtain health insurance coverage is to enroll in the University of Houston Student Health Insurance Plan (“the Plan”). To satisfy the University policy regarding maintaining acceptable health insurance coverage, Non-immigrant International Students who are enrolled in any amount of credit hours will be automatically enrolled in and billed each semester for coverage under the Plan, unless a waiver of coverage is provided by the applicable waiver deadlines. Waiver procedures and deadline information are available at: www.uh.edu/healthcenter and www.studentinsurance.com/Schools/TX/UH Waiver deadlines: Fall – 9/9/15, Spring/Summer – 2/3/16, Summer Only (1,2,3,) – 6/9/16, Summer 4 – 7/14/16.

Domestic students attending UH Main Campus who are enrolled for 6 or more credit hours (3 for summer session) are eligible to enroll for coverage under the Plan and may enroll online at www.studentinsurance.com/Schools/TX/UH prior to the following enrollment deadlines: Annual/Fall - 9/24/15, Spring/Summer – 2/19/16, Summer Only – 7/6/16. Enrollment deadlines are also posted online at www.studentinsurance.com/Schools/TX/UH. The Official Reporting Day (ORD) as posted on the academic calendar for EACH FALL, SPRING, AND SUMMER SEMESTER is the last day to add or drop the Plan at the UH Health Center (Summer only premium for NEW DOMESTIC INSURED students must be remitted directly to AIG, Higher Education by the enrollment deadline). No changes are allowed to the student account after that date.

If you have a problem or question regarding the Student Health Insurance Plan, please contact the UH Health Center. Safeguarding your health is of primary importance to us. We maintain an experienced team of Doctors, nurses, and healthcare professionals and we look forward to assisting you. Have a safe and healthy year!

The Out-of-Pocket Limit does not include charges in excess of Reasonable and Customary; charges in excess of any specified maximum or charges incurred for any services not covered under the Policy. All injuries sustained in any one Accident, including all related conditions and recurrent symptoms of these injuries, are considered one Injury.

Medical Necessity/Medically Necessary means that a drug, device, procedure, service or supply is necessary and appropriate for the diagnosis or treatment of a Sickness or Injury based on generally accepted current medical practice in the United States at the time it is provided.

A service or supply will not be considered as Medically Necessary if: (a) it is provided only as a convenience to the Covered Person or provider; or (b) it is not the appropriate treatment for the Covered Person’s diagnosis or symptoms; or (c) it exceeds (in scope, duration or intensity) that level of care which is needed to provide safe, adequate and appropriate diagnosis or treatment; or (d) it is experimental/investigational or for research purposes; or (e) could have been omitted without adversely affecting the patient’s condition or the quality of medical care; or (f) involves treatment of or the use of a medical device, drug or substance not formally approved by the U.S. Food and Drug Administration (FDA); or (g) involves a service, supply or drug not considered reasonable and necessary by the Center for Medicare and Medicaid Services Issues.
Manual; or (h) it can be safely provided to the patient on a more cost-effective basis such as outpatient, by a different medical professional or pursuant to a more conservative form of treatment.

The fact that any particular Doctor may prescribe, order, recommend, or approve a service or supply does not, of itself, make the service or supply Medically Necessary.

Preventive Services mandated by the Patient Protection and Affordable Care Act and, in addition to any other preventive benefits described in the Policy or Certificate, means the following services and without the imposition of any cost-sharing requirements, such as deductibles, copayment amounts or coinsurance amounts to any Covered Person receiving any of the following: 1) Evidence-based items or services that have in effect a rating of “A” or “B” in the current recommendations of the United States Preventive Services Task Force, except that the current recommendations of the United States Preventive Service Task Force regarding breast cancer screening, mammography, and prevention of breast cancer shall be considered the most current other than those issued in or around November 2009; 2) Immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention with respect to the Covered Person involved; 3) With respect to infants, children, and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration; and 4) With respect to women, such additional preventive care and screenings, not described in paragraph 1 above, as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

The Company shall update new recommendations to the preventive benefits listed above at the schedule established by the Secretary of Health and Human Services.

Reasonable and Customary (“R&C”) means the charge, fee or expense which is the smallest of: (a) the actual charge; (b) the charge usually made for a covered service by the provider who furnishes it; (c) the negotiated rate, if any; and (d) the prevailing charge made for a covered service in the geographic area by those of similar professional standing.

“Geographic area” means the three digit zip code in which the service, treatment, procedure, drugs or supplies are provided or a greater area, if necessary, to obtain a representative cross-section of charge for a like treatment, service, procedure, device, drug or supply.

Sickness means disease or illness including related conditions and recurrent symptoms of the Sickness which begins after the effective date of a Covered Person’s coverage. Sickness also includes pregnancy and complications of pregnancy. All Sicknesses due to the same or a related cause are considered one Sickness.

Totally Disabled and Total Disability means Injury or Sickness which wholly and continuously keeps the Covered Person, (a) with respect to a Covered Student: from attending classes at the location where he or she is enrolled or if such classes are not in session, from doing the substantial and material activities that are normal for a person in good health of the same age and sex.
